Forward

Our four years at Attleboro High School are but a mere beginning, a prelude to life's long journey.

The future challenges us to come forth resolved to do all we can, see all we can, be all we can.

Before we begin this journey, we pause to thank our parents, our teachers, and our friends for helping us prepare for tomorrow.

We will go forward in many different directions. For us there will be no turning back.

"Yesterday's gone, yesterday's gone. Just think what tomorrow will bring."

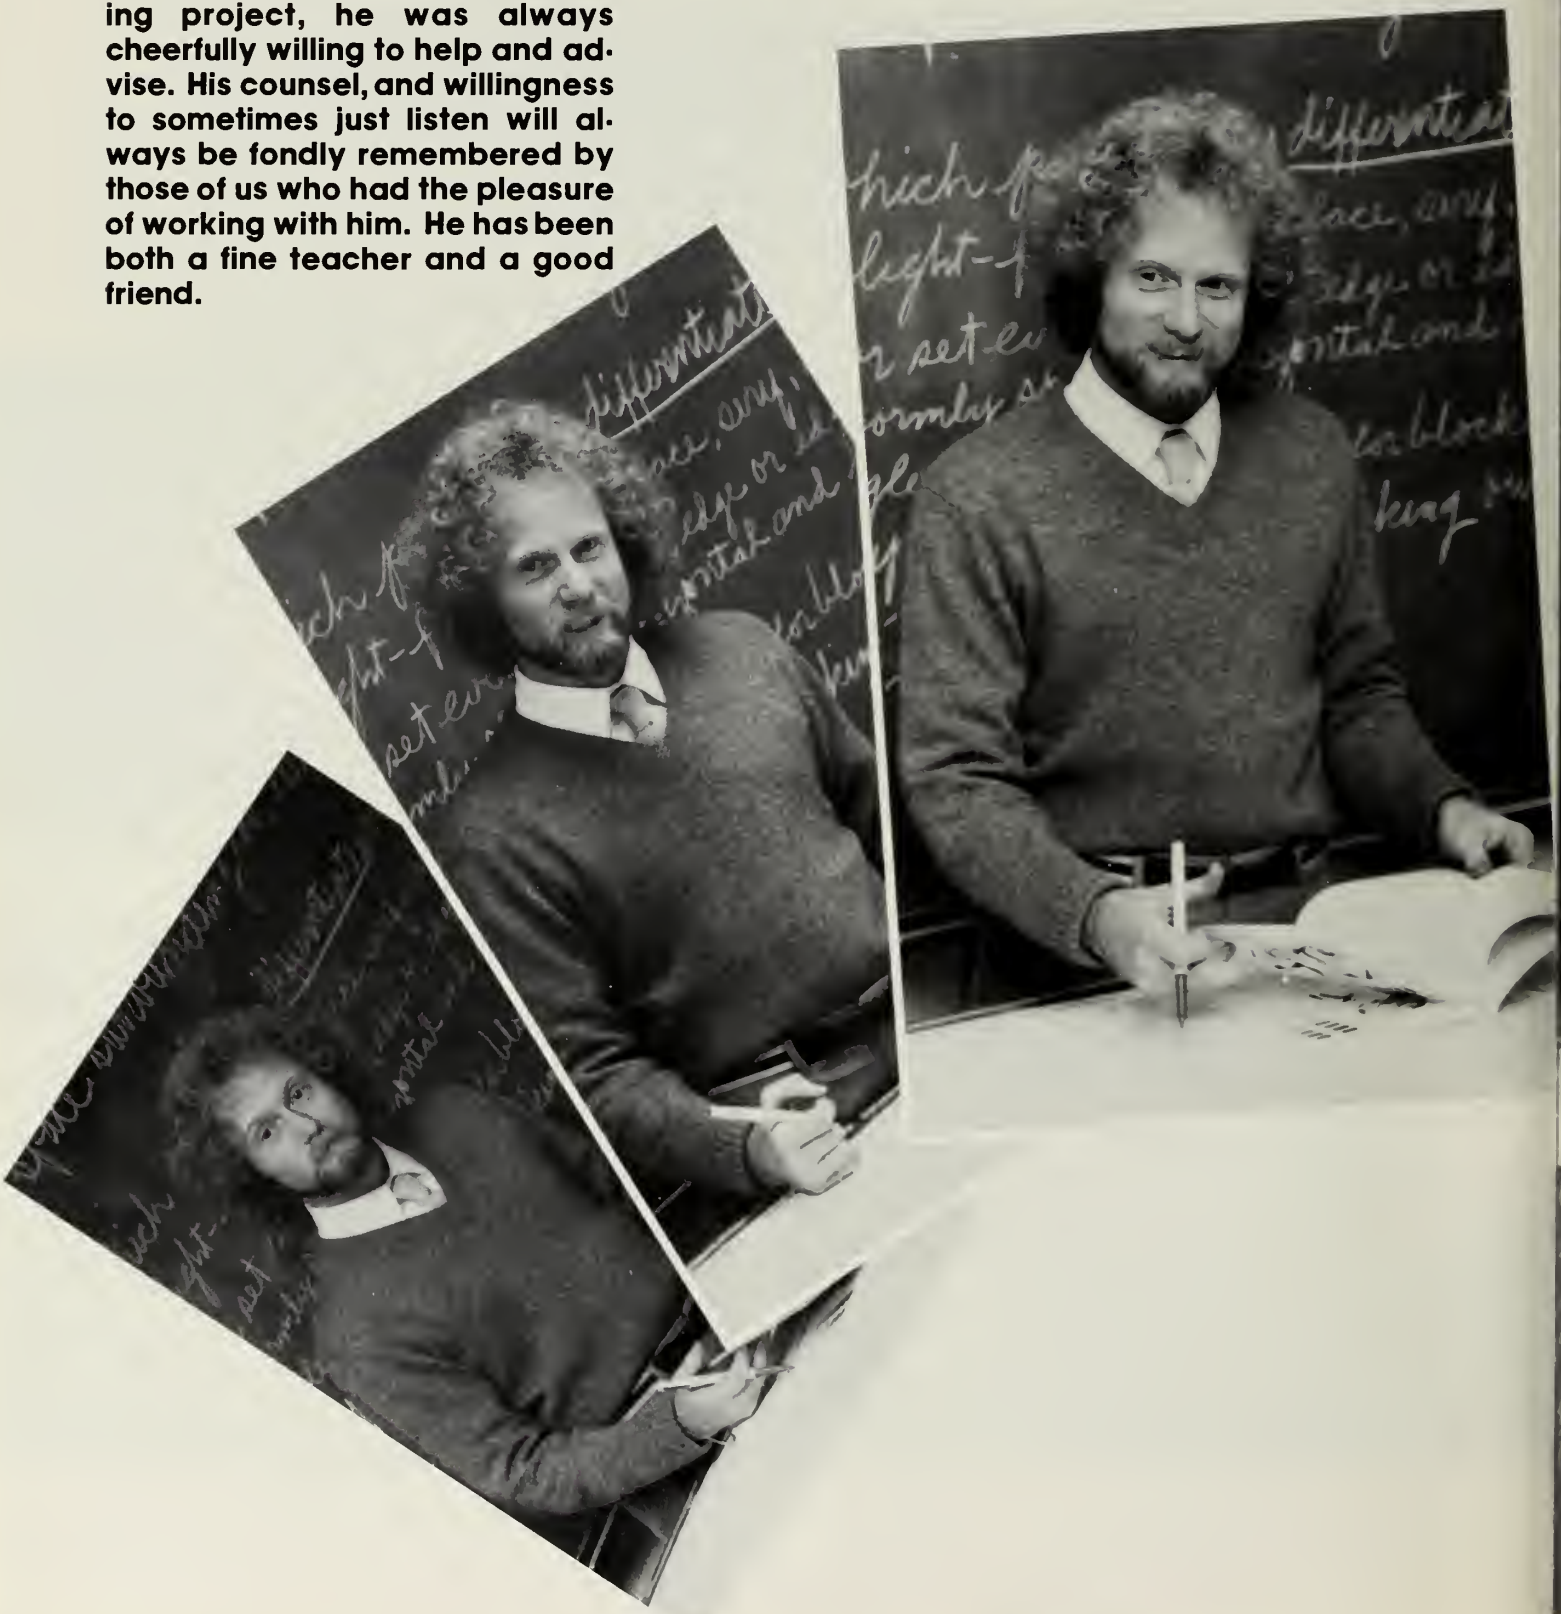
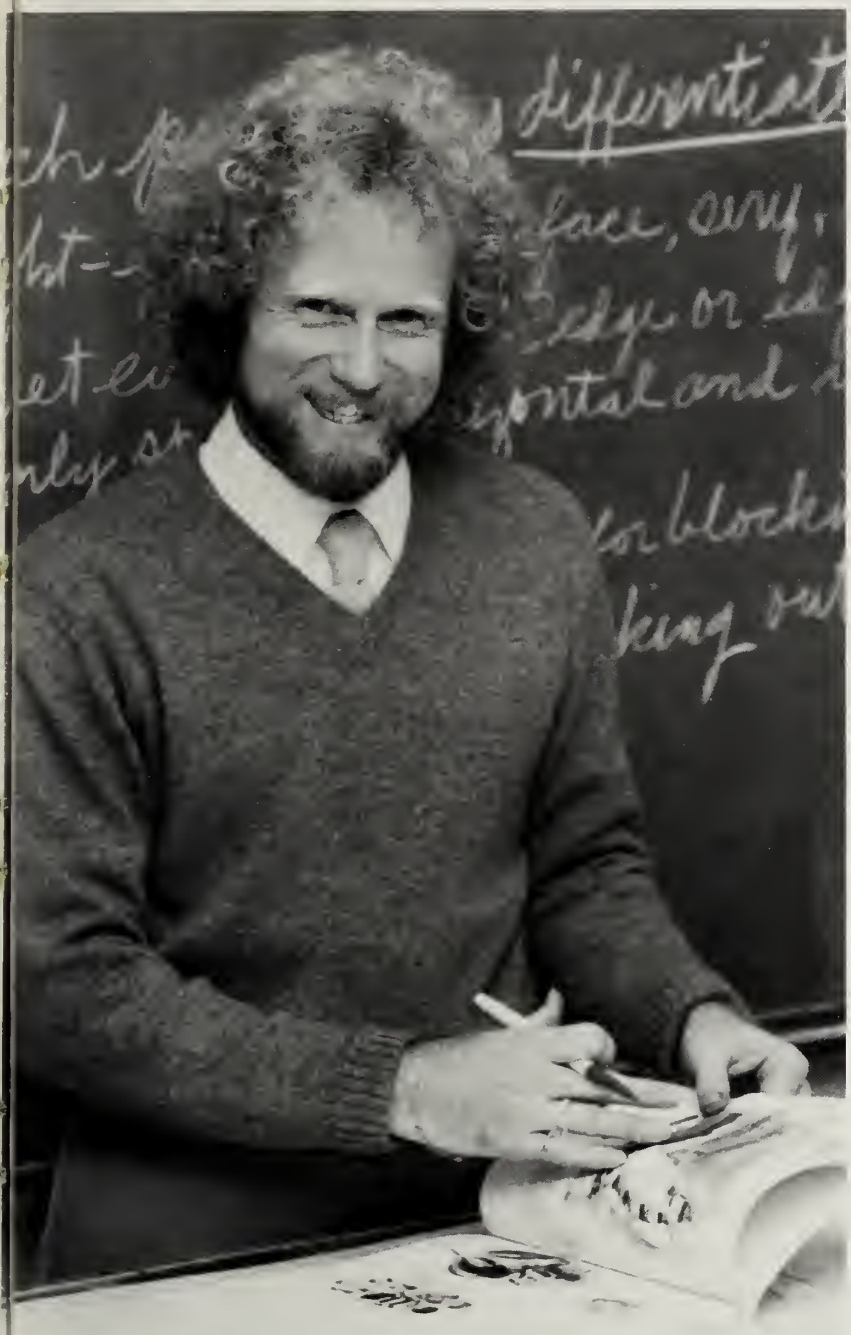
Dedication

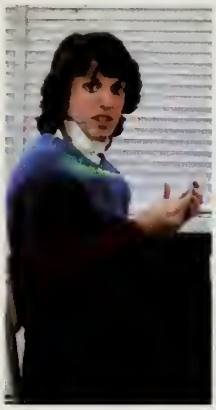
As a token of our appreciation for all he has done for the Class of 1982, we feel it fitting that our yearbook be dedicated to Mr. James Burbank. Whether it was the prom, a float, or a fundraising project, he was always cheerfully willing to help and advise. His counsel, and willingness to sometimes just listen will always be fondly remembered by those of us who had the pleasure of working with him. He has been both a fine teacher and a good friend.



Mr. James Burbank

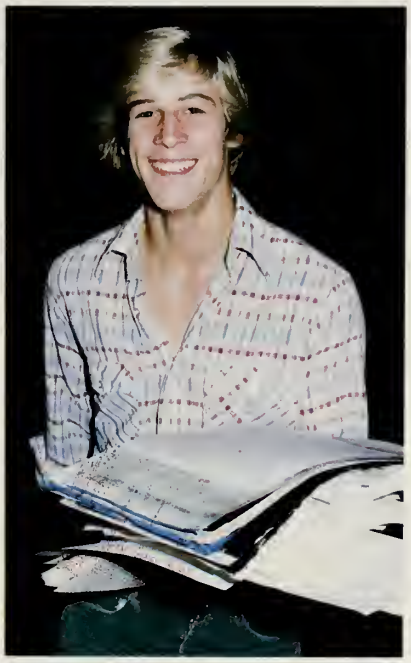


Don't stop . . .



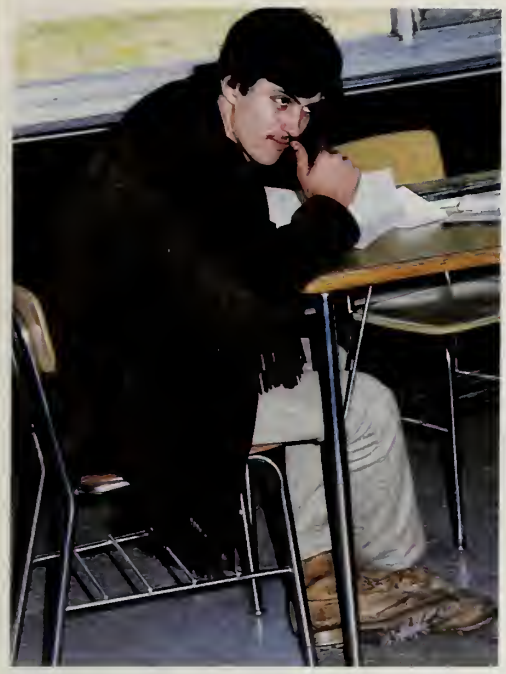
thinking about tomorrow.

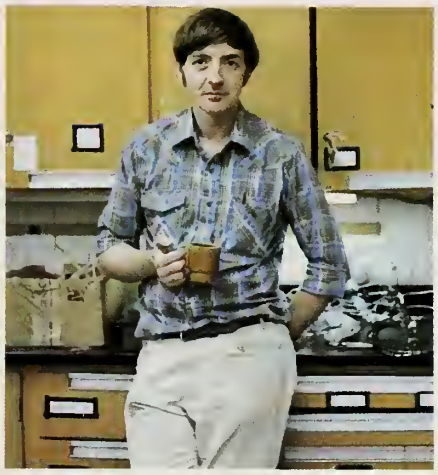
Don't stop . . .



it'll soon be here.

Why not think about times to come . . .





and about the things that you've done.

Open your eyes and look at the day . . .

You'll see things in a different way.

Yesterday's gone . . .

Yesterday's gone.

Just think what tomorrow will bring.

Mrs. Bonneville

Mr. Burbank

Mrs. Moriarty

We, the senior class, would like to thank our advisors Mrs. Bonneville, Mr. Burbank, and Mrs. Moriarty, for the time and effort that they have contributed to our class. They have been the keys to our four successful years at A.H.S. Some of the outstanding events we have participated in have been the float competitions. As freshmen, we placed third; as sophomores, we placed second; as juniors and seniors, we won! We were also excited about winning the Powderpuff football game as both juniors and seniors. Our fundraising drives have been successful too, from towel sales to candy sales. All that we've accomplished in our four years in high school has been due to the support and guidance of our advisors.

At this time, we would also like to thank three other people who have contributed a great deal of our class: Mr. Lutzy, Mr. Svendsen, and Mr. Underwood. They have always been there when we needed them, and they will remain in our memory.

Below-Row 1: S. Patten; T. Smith; L. Blanchette; C. Keane; J. Shea, K. Cronin. **Row 2:** L. Dadagian, K. Gauthier, H. Harwood, J. Smith, B. Roy

Pam,

Even though you are not an active member of our class anymore, we want you to know how much we appreciated your dedication and leadership that you showed our class for three years. Through your perseverance and personal leadership, we were able to accomplish many things as a class. Now we have to go on our ways, no matter where life takes us. May our dreams and goals all come true and may we seek the future with happiness and success.

In memoriam to . . .

Paul Jacombe

Scott Morin

He was so young, God.

So young and strong and filled with promise. So vital, so radiant, giving so much joy whereever he went.

He was so brilliant. On this one day you lavished so many talents that could have enriched your world. He had already received so many honors, and there were so many honors to come.

Why, then? In our agony we ask. Why him?

Why not someone less gifted? Someone less good? Some hop-head, rioter, thief, brute, hood?

Yet, we know, even as we demand what seems to us a rational answer, that we are only intensifying our grief. Plunging deeper into the blind and witless place where all hope is gone. A dark lost place where our own gifts will be blunted and ruin replace the oodness he brought and wished for us.

Instead, let us thank you for the marvel that this boy was. That we can say good-bye to him without shame or regret, rejoicing in the blessed years he was given to us. Knowing that his bright young life, his many gifts, have not truly been stilled or wasted, only lifted to a higher level where the rest of us can't follow yet.

Separation? Yes. Loss? Never.

For his spirit will be with us always. And when we meet him again we will be even more proud.

Thank you for this answer, God.

Mike is on winter and spring track, and a member of National Honor Society. After high school, he plans a career in biomedical engineering.

Mike has been playing both football and basketball for 4 years, and is a co-captain of basketball. Mike found that the best part of high school was meeting new friends and playing sports. After graduating, he plans to study accounting.

Of his team Bill said, "It's a quality team, I think the attitude is there. We have improved considerably. We've got alot of experienced people back in key positions." In addition to being a football tri-captain, Bill is a basketball co-captain. After graduation, Bill said he'll miss high school - just a little. What will he miss the most? We haven't won since they left." But next year, the season promises to be better. "There will be alot of talent next year. We're going to have a good team."

When asked what he enjoyed most about A.H.S. Rob replied, "Soccer-I had a lot of fun. And going out for breakfast." After graduation, Rob plans to go to college to study communications. Naturally, he looks forward to playing soccer, too.

About high school, Liz said, "it's difficult . . . kids change totally from eighth to ninth grade. I don't know-in a way I want to leave and in a way I don't." Dana found school "a challenge, but a challenge that must be overcome. You come out with what you work for."

She would like to study business management in college, and co-own a sports shop with Chris.

Chris has been playing volleyball since the first grade. She thinks the team has alot of talent, but that "they need to work as a team." Next year the team will be better, she thinks "They'll all have more experience at working as a team." Maureen is enthusiastic about the field hockey team. "I think we have alot of potential." She says, "Many of us have improved very much. If we all work together, we'll have a promising season." Besides having a talented team, they have a talented coach. "Coach O'Connell is doing very well . . . He sees what we do wrong and works on that."

Betsy knows they have a talented team. "Everyone is great. We've got alot of skilled players. After next year, who knows? The team may be even better. There are alot of good underclassmen." About Coach O'Connell, she says, "We're proud of him. He's doing great, and this is only his first year!"

Linda has praise mostly for Coach O'Connell. "It is his first year with the field hockey team. He was unfamiliar with the sport, but within a few days he knew almost everything." She attributes many of the team's victories to not only the skill of the players, but to his coaching skill as well.

Cross Country - racing to victory

Captains- Kevin Cronin, Andy Berdos, Laura Dadagian, Bob Wilcox.

Very little can be said against our cross country team, which receives only praise from its four captains. Laura Dadagian is proud of the attitude of the team. "It's the people-they're all very talented and dedicated". Andy Berdos feels that the most outstanding characteristic of the team is its closeness. "We've got good quality kids . . . the team's real close-everyone knows each other. Kevin Cronin elaborates on this in saying: "We have a special closeness. You can see it when we win, but when we lose, it really shows." Kevin feels that the team also owes much of its success to Mr. Newman. "He's special. He doesn't just coach us on the track, but in life." Bob Wilcox couldn't agree more. "He's an excellent guy. He helps the kids alot. He's not just concerned with athletes; but people." With talent, enthusiasm, and an outstanding coach, it is easy to see why Attleboro High has one of the best cross country teams in the area.

Swimmers - swim with skill!

Front row: John Vaughan, Steve Proia, Mark Chiarenza, Mike Turgeon-capt., Alan Forbes, Carl Kadisevskis, **Middle row:** Perry Turcotte, Mike Crowley, Todd Sullivan, Chris Carigan, John Sousa, Coach Bonneville; **Third Row:** Gary Franklin, Dan Bowlin, Glenn Zdarsky

"Everyone is working hard," says Captain Mike Turgeon, "but we don't really have enough kids to show the quality of the team." It's true- the boy's swim team is small, but its members are excellent. "John Vaughan, for example, is one of the best swimmers around and the whole team is outstanding." And about Mr. Bonneville? "This is his first year as coach, and he's really doing well. He's got us working harder than we've ever worked."

After graduation, Mike will miss the friends he made, and the competition. But he does plan to swim in college. "U-Lowell has a good team. It's hard to get on, but if I get on, I'll stick with it." As captain of a very talented team, he's got a pretty good chance.

Coach Victor Bonneville.

Seniors - Mike Turgeon- (Capt.)., Mark Chiarenza.

As captains, Kelly and Darlene are proud of the team. They know that the gymnasts have a lot of talent and dedication. All the girls are skilled. But talent alone does not produce a winning team. Coach Greg Sulham has proven himself to be an excellent coach. He really works the team, but it pays off. His effective coaching methods and the skill of the team have combined to give the girls' gymnastics team a winning season in 1982.

Both Dan and Steve know that they have a good team but that some of the members need more experience. Luckily, they are dedicated and are willing to work to help the team win. They both agree that Coach Martin has been a big help, and they want to thank him for spending his time and energy with the team. They realize that he is a rare man, and that his support has helped the team become successful.

Egg Drop

Each Architectural student designed a housing to carry a raw egg, which was dropped 100 feet from a hot air balloon. The goal was to protect the client (the egg) with straws and tape, considering stress, force of impact, and gravity. One cold November day in front of the NBC and CBS news teams the eggs were dropped. The egg served as an instant evaluation of the students' designs.

Always and Forever

Always and forever
each moment with you,
is just like a dream to me
that somehow came true,
And I know tomorrow
will still be the same,
cause we've got a life of love
that won't ever change.
And everyday love me
your own special way,
melt all my heart away
with a smile.
Take time to tell me
you really care,
and we'll share tomorrow
together.
I'll always love you
forever.
There will be sunshine
when I look at you.
Something I can't explain
Just the things that you do
and if you get lonely
phone me and take a second
to give to me
that magic you make
and everyday
love me your own special way
Melt all my heart away
with a smile
Take time to tell me
You really care
and we'll share tomorrow
together
I'll always love you
forever
Loving You
is a thing that I plan
for a very long time
Ever and a day
always forever
love you.

"Keep on Loving You"

You should've seen by the look in my eyes, baby, there was something missin. You should've known by the tone of my voice, maybe, but you didn't listen. You played dead, but you never bleed, instead you laid still in the grass all coiled up and hissin.

And though I know all about those men, still I don't remember. Cause it was us, baby, way before then and we are still together. And I meant every word that I said, when I said that I love you, I meant that I love you forever.

And I'm gonna keep on lovin you, cause it's the only thing I want to do. I don't want to sleep I just want to keep on lovin you.

Here I Am

Here I am
Playing with those memories again,
And, just when I thought
Time had set me free,
Those thoughts of you keep taunting me.

Holding you
A feeling I never out grew,
Though each and every
Part of me has tried,
Only you can fill that space inside.
So there's no use pretending
My heart is not mending.

Just when I thought
I was over you,
And just when I thought
I could stand on my own,
Oh, baby those memories
come flashing through,
And I just can't,
Go on without . . . you.

Drama

The Drama Club began its official afternoon classes in mid-September. Publicty started early in order to draw as many interested people as possible. With new faces and talent we moved into the academic year.

The first major project was our annual fall play, "DINO". The play was presented to the school and to the general public in early December.

Next, we began to prepare for the highlight of the year, the spring musical, which will be "CAROUSEL".

Visual Arts

The Visual Arts course introduces students to methods which successful artists use to produce good drawings, design solutions, paintings, sculptures, architectural models, potteries, textiles, photographs, advertisements, illustrations, or film and TV productions. During the course, the student works with various Visual Arts teachers in several different studio settings. Students draw, design, picture, compose, and construct in 2D and 3D materials. This course helps students to learn to think creatively and opens their eyes to career possibilities in many Visual Arts fields.

Class Of '83

Mr. Watterson

Mrs. Marsden

President-**Cindy Welch**

Our thoughts of being upperclassmen became a reality as we entered our third year at A.H.S. We soon began to feel pressured by the PSAT's. However—whether college was going to be part of our future or not- we set forth determined to make this year the best we could. We started early in October with the first of many powder puff practices. On November 8, 1981, we took to the field only to find defeat. Although the Seniors won a well deserved game (14-0)- we Juniors gave it our all. By now Thanksgiving was quickly approaching and we had to get some serious "floating" accomplished. The spirit was tremendous during that time and although we had float meetings every night, it did pay off. During the week of January 25th. we held our fund raiser and the results were tremendous. With our treasury replenished we began organizing for what indeed would be the climax of the year-our Junior Prom—held on May 7th 1981.

President- **Susan Murphy**

With one year of experience behind us, the class of 1984 entered A.H.S. for what promised to be both a memoroble and successful year. We began by hoving float meetings in early October and on Thanksgiving Day the class of 1984 once ogoin proved to be the most spirited and victorious class. In lote October we held our mogazine drive which proved to be successful. On November 17 ond 18, the Sophomore class ordered closs rings. As the spring approached we all looked forward to o memoroble Sophomore Gothering, which was held ot Pawtucket Country Club on April 10, 1982.

At this time I would like to wish every member of the Closs of 84 good luck in the future and may you hold forever the memories of your days at Attleboro High School.

CLASS OF 85

President- **Debbie Amaral**

The Class of '85 entered its first year at A.H.S. with questions, fears and a lot of anxiety. With the help of teachers, upperclassmen and each other the class overcame these feelings

The beginning of the year was disappointing because we were unable to have our float, but as the year went on, our class spirit increased. We began our class fundraiser with great enthusiasm. We worked hard to make the year better, and the 81-82 year ended with a new hope for the future. The Freshman class would like to thank everyone who made our first year at A.H.S. so enjoyable.

"Clock of Time"

The clock of time keeps ticking–ticking oh so fast.
Our Senior year is over and our school year's in the past.
Remember when we were younger? Graduation seemed so long.
Now it's all upon us and our class is going strong.
But in Good Times and Bad Times our class has made it through
All the work, all the fun and all the friendships too.
And when we leave this school, our future we will face.
Our knowledge we'll expand at an individual pace.
We will all recall our friends and our cherished days,
But they will always be remembered in our own special ways.
So even though it's ended and our lives have moved on,
We'll still have our memories–our memories won't be gone.
As the Clock of Time keeps ticking, ticking time away
We'll grow a little stronger with each and everyday.

Poem by: Candy Welch
Calligraphy by: Sue Governo
Class of 1982

In memory of: Bob Coelho

Taday we maurn the lass af ane af Attleboro's truly great citizens. The sudden and untimely death of Bab Caelha has shacked the entire cammunity. Na wards are sad enaugh ta express aur sense of lass. Na wards are adequate ta describe his accamplishments. Na wards can express aur lave, respect and admiratian far him.

Bob Caelha devoted the last twenty-seven years af his life ta the Attlebara public schaals as a teacher, principal and Superintendent af Schaals. Far the past 13 years he was the Superintendent af Schaals. He dedicated his many talents and abilities ta the develapment af the best passible educational system far the children af Attlebara. He believed that the wealth af a natian lies in the extent ta which creative pawers af its yauth are allawed ta functian and that every young person shauld have a chance ta graw to full capacity, in skill, in self reliance and in leadership.

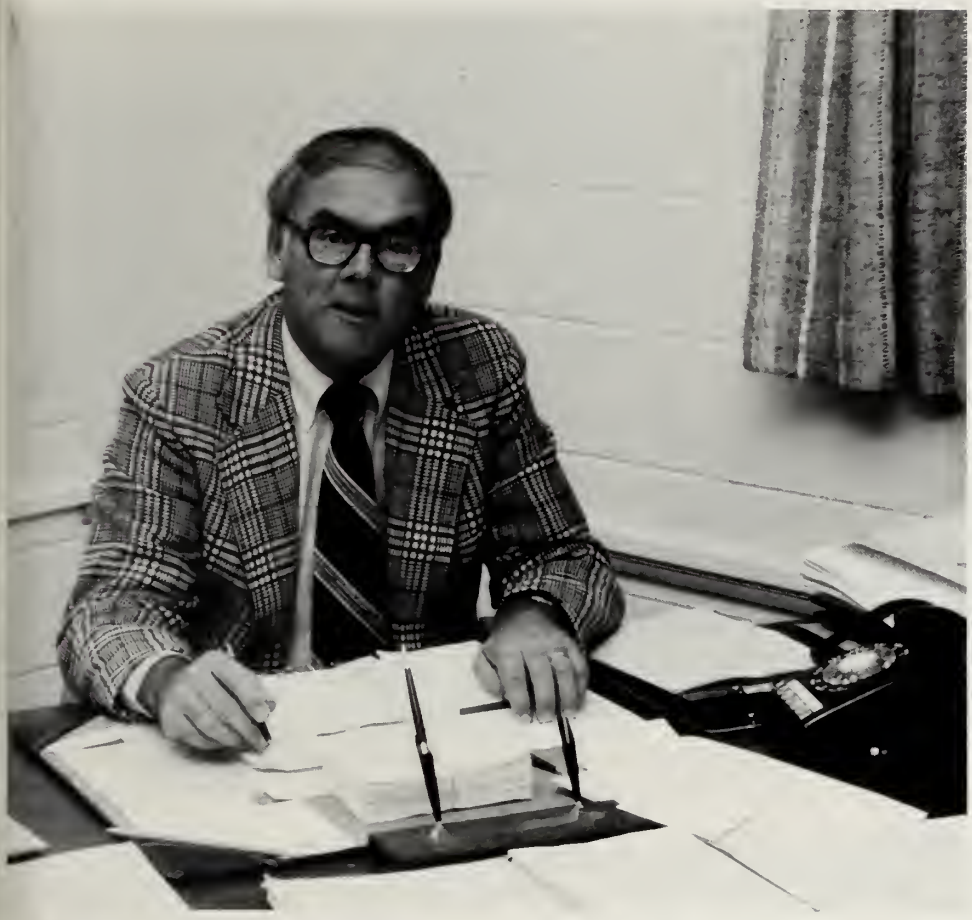
He was a man af warm feeling, a man of tender sympathy and a man wha felt as sincerely far the individual sufferings af a traubled student as he did far the great cause af human pragress. He never fargat an act af kindness ar an act af gaad will.

Bab Caelha was nat only an autstanding prafessianal educatar, he was a tremendaus human being. Fortunate are thase wha knew him. They will never cease to recall that wanderful unian af qualities which gave him such pawer and made him sa great an influence wherever he was knawn. It was this harmany af truth and lave, mainly caurage and greatness. Once in a lifetime yau get to knaw a man like Bab Caelha. At intimate range, he was very warm and considerate af the needs af athers, taugh but generaus in his judgement af athers and genuinely fand of people. He was the true friend of student, teacher and parent. Na matter was taa insignificant ta escape his persanal attentian. He seemed, mare than mast men, at hame in his warld. He faund ar made appartunities af usefulness wherever he went. All thase lives he tauched, and there were many, were benefited.

Bab Caelha was ane af a kind. He was aur best. He will nat be replaced, nar will he be fargatten. But we must believe that there is same higher purpose in his life. We cannat daubt that there is as gaad wark far him ta da in the unknawn beyand as the wark he left behind. We will remember him always with lave, respect and admiratian. We thank God far all we have had fram such a presence amang us and trust in Gad's perfect Pravidence in ta what we cannat now understand or explain.

May Gad bless him and keep him.

Message from Mr. Bray



Dear Senior Class:

Your four years at Attleboro High School have just about come to a close. It is my sincere hope that this school provided an atmosphere and environment where you were able to acquire new skills, make long lasting friendships, and accomplish feats large or small that will stay with you for the remainder of your lives.

As a class and as individuals you have maintained your own respect and have brought credit to Attleboro High School. I have been proud to have been associated with you and wish you the very best in your future endeavors.

Most sincerely,

Robert H. Bray

Robert H. Bray
Principal

Now that the task of creating our yearbook is completed, we can look back on this as one of the most fulfilling and rewarding experiences of our lives. Not only have we learned a great deal, but also we have had the oportunity to work with a number of people who have been of special help to us.

Mr. Donald Frederick, our advisor, was always there to give us guidance and support. His enthusiasm for this project made the production of this yearbook enjoyable.

Daniel Smith, the representative from Josten's American Yearbook Company, has been our source of encouragement throughout the many months of creating this book. Gary Melino, our photographer, was available in time of need to help us meet our deadlines.

Special thanks are due to Mr. Robert Thayer for his assistance in photography, Mr. J.D. Smith for his technical assistance, Dawn Ditano and Sue Governo for their help in designing the cover of this yearbook, and to all the faculty for their forebearance and cooperation.

We would also like to thank each member of our hard working, dedicated Yearbook Staff who made this book possible. Although few in number, they were filled with spirit and enthusiasm. Some went without lunches and others found it necessary to take time from their studies to complete this book.

This book holds many memories for us; we hope it will do the same for you.

Sara and Jill
